## CLEARGUARD® BARRIER PANELS

ClearGuard® Barrier Panels are engineered to maintain a needed barrier for high traffic areas providing a means of protection for employees and customers alike. These premium, durable polycarbonate panels can be easily transported where separation is required to accommodate business needs. The design offers a cost-effective solution to allow more people to safely locate in an area. The rigid profile panels provide stability and can be easily fabricated as room dividers.

Disclaimer: This product is not suitable for hurricane protection and will not be certifiable for that application.
