Varmint Guards for Animal Mitigation

A Clear Barrier for Electrical Power Supply Substations

Having trouble with varmints eating away at your profits and negatively impacting your reliability? Call Alro Plastics today to order clear polycarbonate and create your own Varmint Guards. We offer full sheets, cut to size or even fabricated if you would like a special pattern or holes drilled.

Simply attach the clear polycarbonate material to the fencing surrounding your substation. Varmint Guards have proven to drastically reduce power outages as a result of animals, snakes, and rodents getting into energized areas within a substation.

Alro Plastics stocks clear general purpose polycarbonate sheet in thicknesses from 1/16" to 3/8" in both 48" x 96" and 48" x 120" sheet sizes. We also offer (custom order) a special UV polycarbonate that has a limited 10 year warranty against breakage and excessive yellowing. The most popular size and grade is 1/8" Clear UV Resistant Polycarbonate 24" x 120".

PROCESSING

Panel Saw Cutting
Sheets up to 8" thick

Band Saw Cutting
Rounds up to 18" dia.

Waterjet
Sheets up to 10" thick

Routing
Sheets up to 4" thick

Milling
Pieces up to 6" thick

Welding
Hot Gas & Extrusion
