Plate Laser Cutting

- Laser tolerances in stainless & aluminum plate up to 3/4”, carbon plate up to 1”
- Maximum plate capacity 80” X 159”
- High precision and repeatability on cut parts
- Produces near net or finished products to your print
- Minimal heat affected zone
- Minimal to no clean-up
- Etching (not on aluminum) & “stitch-cutting” available
- Potential Secondary Processes:
  - Tapping from #10 - 3/4 and M5 - M12 available depending on size/thickness
  - Forming

Welcome to Alro Steel.

About Alro
Integrity. Loyalty. Honesty. These principals have guided Alro Steel since our founding in 1948 by brothers, Al and Robert Glick. From a small garage in Jackson, Michigan, Alro Steel has grown to over 70 locations in 12 states. Alro distributes metals, industrial supplies and plastics. A wide variety of processing services are available including cut-to-size metals and plastics with next day delivery to over 25,000 customers in North America.

Focused on exceeding our customers' expectations, we build relationships with all our customers, large and small. To learn more, visit alro.com.

Processing Services

- Saw Cutting
- Precision Plate Sawing
- Tube Cutting & Chamfering
- Plasma Cutting
- Plate Laser Cutting
- 6-Axis Laser Cutting
- Waterjet Cutting
- Precision Milling
- Shearing
- Plate Grinding
- Thermal Processing
- Plastic Processing
