Production / Precision Sawing

Your Product Cut to Precision

Squareness Length Surface Finish

Square Tubing Round Tubing Squares Rounds Flats Hex Structural Special Shapes

Our Precision Sawing Capabilities Produce:

- Tighter tolerances which can reduce or eliminate machine time
- Square, near burr-free cuts for reduced machining clean-up
- Surface Finish with a Low Ra (Roughness Average)

This is a guideline only. Tolerance may vary depending on material.

Alro can assist you in reducing your raw material inventory through careful analysis of your high-volume sawing requirements. We can also reduce your material handling costs by scheduling deliveries to meet your just in time (JIT) production requirements.
About Alro
Integrity. Loyalty. Honesty. These principals have guided Alro Steel since our founding in 1948 by brothers, Al and Robert Glick. From a small garage in Jackson, Michigan, Alro Steel has grown to over 70 locations in 12 states. Alro distributes metals, industrial supplies and plastics. A wide variety of processing services are available including cut-to-size metals and plastics with next day delivery to over 25,000 customers in North America.

Focused on exceeding our customers’ expectations, we build relationships with all our customers, large and small. To learn more, visit alro.com.
