All Alro warehouses employ state-of-the-art equipment for handling and processing orders. Alro offers next-day delivery on most saw cutting orders. We can cut your material to a specified length for storage or handling or your order can be cut within your specified tolerance.

Types of Saw Cutting Offered:
- Bar sawing
- Miter sawing
- Structural sawing

State of the art sawing systems deliver accurate miter saw cut parts.

Bar sawing systems support next day delivery of saw cut orders spread across a broad range of inventory.

We offer bar sawing and can cut bar stock up to 28” diameter round.

Maximizing bundle cutting production flow assures fast and accurate processing.

About Alro

Integrity. Loyalty. Honesty. These principals have guided Alro Steel since our founding in 1948 by brothers, Al and Robert Glick. From a small garage in Jackson, Michigan, Alro Steel has grown to over 70 locations in 12 states. Alro distributes metals, industrial supplies and plastics. A wide variety of processing services are available including cut-to-size metals and plastics with next day delivery to over 25,000 customers in North America.

Focused on exceeding our customers’ expectations, we build relationships with all our customers, large and small. To learn more, visit alro.com.
