Milling & Machining

Alro Plastics has also invested in a Haas VMC to give us the ability to machine small, intricate parts per print. The VMC is able to machine parts from 1/16" up to 6" thick. It also has a 32" wide x 60" long table surface to hold a wide variety of parts. With its automatic tool change and ease of programming, we are able to machine complicated parts to print in a single operation.

Milling Highlights:

- Able to machine up to 6" thick
- Large 32" x 60" work surface
- Ideal for complex parts and prototypes
- Automatic tool changer
- ISO certified company
