

Alro Steel Corporation's **e** Business Advantage

Alro is a technology leader in the automated exchange of business transactions and information using the internet and other electronic means.

How can e-Business with Alro reduce your total cost?

- *Eliminates or significantly reduces paperwork.*
- *Reduces on-hand material inventory levels.*
- *Reduces manual intervention and non value added processes*
- *Can automate routine business transactions and processes*
- *Provides real-time access to critical business information.*
- *Maximizes the usage of existing technology investments.*

Alro has made the technology investment for you, so you can start saving money today!

B2B - Business to Business

Alro's computers automatically retrieve business information from Customer's and Vendor's computers via the Internet. During this process we can pick-up and deliver electronic business documents, including:

- *Quotes*
- *Purchase Orders*
- *Material Releases*
- *Invoices*
- *Mill Certifications*
- *POD - Proof of Delivery*
- *ACH Payment Notifications*

MyAlro.com - Web Site Ordering

Alro customers can place orders, check stock and view business reports on our user friendly web site. This ordering method incorporates a shopping basket approach, simple navigation and lightning fast searches.

Alro's SmartCell® and Automated Inventory Replenishment

- *Electronic Kanban*
- *Barcode Order Entry*
- *SmartCell®*
- *APOS - Alro Portable Ordering System*

SmartCell® is the latest technology from Alro Steel Corporation which provides tooling security, tracking and auto-replenishment at the point of use. SmartCell® can drastically reduce your tooling usage and replenishment costs. With SmartCell® stations residing in each cell, your operators never have to leave their work area for tooling. SmartCell's® combination of advanced features, ease of use and low cost can be found in no other tool vending solution.

Summary Billing

Spending too much time on invoice reconciliation activity?

Invoices can be summarized on a daily, weekly, bi-weekly or monthly basis and can be faxed, mailed or e-mailed to your attention. For your convenience, summary invoices can be sorted by: **Customer Order Number, Release Number, Order Detail Number or Multiple Departments.**

Replace this stack of invoices with ...

Electronic-Invoicing

Avoid the hassle of paper invoices and have your invoices e-mailed to your desktop.
